### Suggestions to New Entrants

The main advice we give to new entrants is “have a go”. Find classes that sound suitable, make sure you enter what is asked for and display it as stated or in a favourable way. Flowers should be in a vase unless otherwise stated and pots or baskets should be the size stated. Vegetables need to be clean and of a similar size. Onions are normally tied off at the top with raffia for display. Any questions please telephone **Patricia Rofe**, the Entries Secretary, who will try to help.

## **Section 4 - The Primary Schools Cup and Allied Competitions**

In 2009, the Society's 125th Anniversary Year, stronger links were created with the three primary schools in Stoke Poges, Wexham and Fulmer, with the aim of promoting

and encouraging gardening for their pupils. All three schools have excellent gardens and grow fruit, vegetables and flowers with the active participation of their pupils. Each year, the judging criteria for the cup are agreed by representatives of the Society and the schools. **For 2021, the gardens have a ‘Rainbow’ theme** which is open to interpretation by participating schools. Each school has again been challenged to grow the tallest sunflower and to grow the heaviest crop of potatoes in a growbag (emptied and the potatoes weighed at the Show). The Scarecrow Competition has proved very popular in recent years with a very high standard of exhibits. This year the Scarecrow Competition will be based around the **‘Rainbow’** theme with the winning entry being determined by popular vote from visitors to the Show.
